## **Ritual object**

This winter, the auction house Bonhams will take over the Grand Palais. I wasn't sure what they would choose to include, but I hoped for discussion on how the novel and the movie compared.

## **Crop Pollination by Bees**

In the adult human brain, the amygdala is near the temporal pole and indents tip of the temporal horn of the lateral ventricle, overlapping slightly with the more conspicuous indentation due to the hippocampus.

## **A is for Zebra: Exploring the Art of Soul Writing**

Galileo Galileithe first to use a telescope, confirmed that Copernicus was right and was condemned by the Catholic Church.

## **Single, Marriage, Aftermath: How to Keep Your Relationships Afloat Whether You Are Single or Married**

Certain categories of nondramatic literary works are not copyrightable, even though they may contain a substantial amount of textual material. This book is unique in that it not only addresses the negative consequences of bias and discrimination, but also contributes research-based solutions to these problems by providing techniques to improve intergroup relations; I highly recommend this book not only for students, but for professionals and all individuals who care about reducing prejudice and respecting and benefitting from diversity in our society.

## **Crop Pollination by Bees**

In the adult human brain, the amygdala is near the temporal pole and indents tip of the temporal horn of the lateral ventricle, overlapping slightly with the more conspicuous indentation due to the hippocampus.

### **Crop Pollination by Bees**

In the adult human brain, the amygdala is near the temporal pole and indents tip of the temporal horn of the lateral ventricle, overlapping slightly with the more conspicuous indentation due to the hippocampus.
