Participants felt that their role as patient advocate was one of the strengths of primary care, and felt that this role might be compromised by recent reorganisation of primary care and increased responsibility for resource management, which they felt might negatively affect referral decisions. Truly generic forms that avoid the need to use ambiguous masculines and implied feminines are thus being invented in written French. For Boll, the returning soldier, the utter devastation of his country, and the horrific and often fatal injuries visited upon his fellow German citizens by the war, were almost impossible to fully understand.
